Our Superior Showing of Boys' Clothing.

The most durable and serviceable clothing, made by the best tailors

be no doubt regarding the genuineness of the all-wool fabrics, so particular are we about selecting.

All assortments are now complete, and the exceptional variety of patterns and shades in the grays, browns, and tans which have won such high favor is a fact worthy of much consideration when purchasing is thought of. The many variations in blues are so well represented, and plain blue was never shown so liberally.

Famous Actress Comes to America to Attend Rehearsals.

New York, Oct. 13.-Mary Anderson came back to New York to-day aboard the steamship Baltic with her husband antonio de Navarro. The famous actress that had looked after the Men's Hat needs better than we have. The soft hats and the derbies are all here in splendid variety, and the qualities the finest that can be had. We wish to direct special attention to our line of Soft Hats, comprising makes of European and domestic poularity, and whose authenticness of style and meritorious quality are well known to men who follow fashion. The beautiful combination of colors and mixed and scratch effects are shown in several varieties.

Injured Skater Secks \$10,000.

Frank J. Ressa, jr., yesterday entered suit against the Adams Express Company for 10,000 damages, alleging that on December 3, 1910, while roller skating at Seventh and D streets morthwest an automobile of the express company ran into him, injuring him permanently.

ISYLVANIA RAILROAD

DIRECT TRAIN SERVICE TO DOWNTOWN NEW YORK

The operation of electric service, since October 1, from Manhattan Transfer through to the Hudson Terminal Station by the Pennsylvania Railroad and the Hudson & Manhattan tubes gives passengers from Washington a practically direct service to the financial and business district of lower New York City.

Previous to October 1st it was necessary to transfer to a steam train at Manhattan Transfer, and then to change at Jersey City to the tube or ferryboat. Now the only change required is a few steps across the platform at Manhattan Transfer to a waiting electric train, which delivers the passenger at Church, Cortlandt, and Dey Streets (Hudson Terminal), one block from Broadway, in sixteen minutes, without change at Jersey City.

This service obviates the old method of leaving the steam train at Jersey City, descending to the tube level, or waiting for a ferryboat, and not only greatly reduces the time in transit, but eliminates from the trip the physical discomfort of walking through the station at Jersey City.

The electric trains simply pick up the downtown passengers at Manhattan Transfer and carry them, after a quick and comfortable run, to the heart of downtown New York, from which every business building in that section is easily accessible by foot or the usual methods of mid-city transportation.

Passengers from any given train may reach downtown Broadway at practically the same time as those who kept the train to Pennsylvania Station can reach uptown Broadway.

Travelers who have business in the lower section of New York cannot fail to appreciate the easy and expeditious facilities of getting there which this excellent service provides

COPP TO DEMAND
